What do Iranians use to get the most sunshine?	y. that re	a)True a)True eaches the ea) radiation	b) False b) False arth			
٣	It is very important for us to respect our teachers. We should note that teachers were not always teachers. They were once students like us. They have experienced school time like us. We know that teachers want to help students learn. They have a lot to share with us: their life experiences, their failures, their successes and many more. When we respect others, we are actually respecting ourselves. We can show our respect to our teachers by paying attention during lessons and following classroom rules. Remember that a good student is always prepared for class. We all have met many dedicated teachers that go far beyond their duties and become a model for the students. When we listen to them and respect them, they feel honored. When we study well, we are actually appreciating them for their love and attempt. True/ False 41. According to the passage, teachers were always teachers. a) True b) False Complete the following sentences according to the passage. 43. Students can show their respect to teachers by						
٣	Many Scientists believe some kinds of technology are harmful to y say that mobile phones should be used as little as possible. They the about using mobile phones. A lot of scientists believe they are harmchildren. In fact, researches show that mobile phones could kill more people headaches, tiredness, and memory loss in some people. We have so are 24-hour televisions, computers, online games, phones and so o if you spend a lot of your time for using it. You should not keep electrical devices in your bedroom when you cause sleep problems. It is important to have no electric items in you without them, make sure you do not have a computer or mobile in sure that they are turned off. You should use your mobile phone for day because they can cause brain problems if they are used for a lot	our healthaink it is be inful and be than smood much teem. Technot are sleeping our bed.
